2024 HYPOALLERGENIC MAKEUP

These products (reviewed in 2024) do not currently contain fragrance additives [including botanicals], formaldehyde, lanolin, or methylisothiazolinone.

NOTE: These recommendations only apply for the exact products listed. Products that are the same brand and have a similar name may not be a safe choice. Also, while we make every effort to provide up-to-date information, product formulations frequently change. You must ALWAYS read labels and use products with caution.
